OVERVIEW OF ECONOMY

India's economic growth remained below 5 percent mark second year in a row at 4.7 percent in 2013-14, but the industry is hopeful of a rebound with a new stable government who is expected to be considered pro-business.

India's fourth quarter growth stood at 4.6 percent. Decline in manufacturing and mining output eclipsed the overall growth during the entire fiscal. The country's economy, or gross domestic product (GDP), had expanded at 4.5 percent in 2012-13, the slowest pace in the previous decade.

Subdued prices of vegetables, cereals and dairy products pushed down retail inflation to a three-month low of 8.28 percent in May. Retail inflation, measured on consumer price index (CPI), was 8.59 percent in April.

In February 2014, retail inflation was at 8.03 percent, followed by consecutive rise in March (8.31 percent) and in April, it was 9.66 percent as per the data released by government.

Management Discussion & Analysis

MACRO ECONOMIC ENVIRONMENT

Macroeconomic stabilization in 2013-14 had to balance the concerns of containing elevated inflation and promoting growth. It also involved managing a volatile external situation characterized by a sharp depreciation of the Rupee witnessed till the second quarter (Q2) of 2013-14. While the balance of payment situation has improved to an extent, achieving higher growth by raising investment level and price stability along with fiscal consolidation will be major priority areas in 2014-15. The turnaround in the external situation (characterized by a decline in the current account deficit to 1.7 per cent of GDP in 2013-14 from 4.7 per cent in 2012-13 and gradual strengthening of the Rupee in the second half of 2013-14) and improvement on the fiscal front (with the fiscal deficit to GDP ratio declining from 4.9 percent of GDP in 2012-13 to 4.5 per cent in 2013-14) augur well for macroeconomic stabilization. During 2013-14, the monetary policy stance of the RBI was driven by the imperatives of keeping inflation in check and supporting growth revival while managing a complex external economic situation. With moderation in overall headline inflation, as per the Wholesale Price Index (WPI), during 2012-13 and during the first two quarters of 2013-14, there was a reduction in the repo rate by 25 basis points in May 2013. On the face of growing uncertainties in global financial conditions, monetary easing was paused in June 2013 and subsequently tightened to contain inflation. Headline WPI inflation averaged 5.98 per cent during 2013-14 as compared to 7.35 per cent in the previous year. In the Second Bi-monthly Monetary Policy Statement 2014-15 (June, 2014), the RBI, inter-alia, kept the policy repo rate under the Liquidity Adjustment Facility (LAF) unchanged at 8 per cent.

REVIEW OF OPERATIONS

You Company has established itself into the business arena and extended its growth registering an increase of 64.00% in term of revenue and over 50% growth in term of Net Profit after Tax, during the year under review which is in spite of negative scenario like continuous increase in Inflation, lack of significant policies by Government, increase in input cost, bad capital market condition, falling liquidity or liquidity crises in Equity Market, fear of bad loan in Money market, decrease in demand by ultimate clients etc.

The Company registered a gross sales / income of ₹ 2487.09 Lac as compared to ₹ 1515.58 Lac in previous financial year. PBT Margin during the year remains ₹ 233.26 Lac in comparison to last years' figure of ₹ 155.63 Lac whereas Net Profit remains at ₹ 161.19 Lac in comparison to last years' figure of ₹ 105.13 Lac.

In term of Segment wise performance, your Company has registered a Gross Sales of ₹ 1099.17 Lac in Investment activities, earned an income of ₹ 178.97 Lac from Financial Services and ₹ 100.00 Lac from Infra business. In term of Net Profit (PBT) for the year, the Company has registered a Net Profit of ₹ 1826.21 Lac from Finance and Investment activities, ₹ -1597.36 Lac from infra business.

BUSINESS SEGMENT

During the year, the Company was into the business of Investment in Shares & Securities, doing treasury operations by way of providing financial assistance, business activities in Infra-Projects as well as into Financial Advisory Services in accordance with the Accounting Standard 17 notified by Companies (Accounting Standards) Rules 2006.

OPPORTUNITIES

The India money market is a monetary system that involves the lending and borrowing of short-term

funds. India money market has seen exponential growth just after the globalization initiative in 1992. It has been observed that financial institutions do employ money market instruments for financing short-term monetary requirements of various sectors such as agriculture, finance and manufacturing. The performance of the India money market has been outstanding in the past 20 years.

Money market instruments take care of the borrowers' short-term needs and render the required liquidity to the lenders. This type of business provides tremendous opportunities to the players to establish themselves in Money market and thus to earn from such activities.

In term of Infrastructure business environment, recognizing the almost limitless infrastructure requirements, the government has called for \$1 trillion in infrastructure spending in the five years through 2017. The priorities include three airports, two ports, an elevated rail-corridor in Mumbai, and almost 6,000 miles of new roads. The Ministry of Road Transport outlined plans for \$120 billion worth of road-widening projects, with 65% of this money targeted to come from the private sector. There are also plans for \$60 billion to be invested in India's ports by 2020. The Indian Planning Commission has estimated that the country will need 180 additional airports in the next decade. And the government has set ambitious goals for wind, solar and nuclear energy, all of which will be needed to supplement power from coal and gas. Given the scale of this infrastructure gap, it's small wonder that India is one of the world's most attractive markets for companies in the infrastructure business. A recent report by Business Monitor International predicted that India's infrastructure sector will grow by 7.9% in the 2013 fiscal year - down from a previous estimate of 9.4%, but still a formidable rate of growth. The opportunities are so extensive that money has poured in from overseas, including investments in 2011 from leading private equity firms.

In Stock Market or Capital Market, the first and foremost thing of strength is its ability to provide high return. SEBI is a regulatory body of Indian stock market which protects the interest of the investors which is an added benefit of Stock Market. Large number of securities which provides medium for investment and thus people can make money by way of investing wisely in Stock Market. Large numbers of Brokers are there in Market who plays a role of facilitator for investment.

THREATS & CONCERNS

While the initial economic boom was fuelled by capital inflows, the massive credit expansion to companies and households it produced has created asset bubbles in real estate and construction. And with credit expanding at 15% annually, loan growth is outstripping internal capital generation.

Now the economy is slowing, the rupee weaker and infrastructure projects for which banks have made large loans are stalled, bad debts are beginning to build up. While the country's NPL ratio grew to around 4.2% in the year to March, restructured assets are rising faster. According to Fitch, combined bad and restructured debts will account for 12% of loans by the end of 2013-14 as banks use restructuring to avoid classifying loans that have gone bad as non-performing.

India's negative real interest rates also create fertile ground for shadow banking, which can offer much better returns for depositors.

Systemic risk is injected into the equation not only because shadow financing has gone into risky real estate and speculative investments but that it is closely bound up with formal banks.

RISK MANAGEMENT

The Company has aligned its policy on risk assessment in line with global approach and risk assessment reports are reviewed on regular intervals. The Company has adopted a focused approach

towards risk management in the form of a corporate insurance program which has the goal of optimizing the financing of insurable risks by using a combination of risk retention and risk transfer. The program covers all potential risks relating to business operations of the Company.

The Company's business critical software is operated on a server with regular maintenance and back-up of data. The system's parallel architecture overcomes failures and breakdowns. Reliable and permanently updated tools guard against virus attacks. Updated tools are regularly loaded to ensure a virus free environment.

INTERNAL CONTROL SYSTEMS AND ADEQUACY

The Company has implemented a comprehensive system of internal controls and risk management systems for achieving operational efficiency, optimal utilisation of resources, credible financial reporting and compliance with local laws. These controls are regularly reviewed by both internal and external agencies for its efficiency and effectiveness. Management information and reporting system for key operational activities form part of overall control mechanism.

The Company has retained the services of independent firms of professionals to function as internal auditors and provide reports on various activities covering observations on adequacy of internal controls and their recommendations. Findings of internal audit reports and effectiveness of internal control measures are reviewed by top management and audit committee of the Board. During the year, internal audit team of Company performed audits of major operational areas of the Company and carried out elaborate checks and verification and shared their findings with top management for remediation of minor gaps wherever required.

HUMAN RESOURCES

The Company recognizes that its success is deeply embedded in the success of its human capital. During 2013-2014, the Company continued to strengthen its HR processes in line with its objective of creating an inspired workforce. The employee engagement initiatives included placing greater emphasis on learning and development, launching leadership development programme, introducing internal communication, providing opportunities to staff to seek inspirational roles through internal job postings, streamlining the Performance Management System, making the compensation structure more competitive and streamlining the performance-link rewards and incentives.

The Company believes that learning is an ongoing process. Towards this end, the Company has built a training infrastructure which seeks to upgrade skill levels across grades and functions through a combination of in-house and external programme.

CORPORATE SUSTAINABILITY AND SOCIAL RESPONSIBILITY

The Company constantly strives to meet and exceed expectations in terms of the quality of its business and services. The Company commits itself to ethical and sustainable operation and development of all business activities according to responsible care and its own code of conduct. Corporate Social Responsibility is an integral part of the Company's philosophy and participates in activities in the area of education and health.

DELISTING OF SECURITIES FROM DELHI STOCK EXCHANGE LTD. (DSE)

During the year, the Company has opted to de-list its securities from Delhi Stock Exchange due to lack turnover and volatility on this exchange, absence of liquidity in the scrip as well as almost Nil volume during the year under review. However, Equity Shares of Company will continue to list on remaining Exchanges i.e. on BSE Ltd. (BSE) & on Ludhiana Stock Exchange Ltd. (LSE).

CAUTIONARY STATEMENT

Certain statements under "Management Discussion & Analysis" describing the Company's objectives, projections, estimates, expectations or predictions may be forward looking statement within the meaning of applicable securities laws and regulations. Although the expectations are based on reasonable assumptions, the actual results could materially differ from those expressed or implied, since the Company's operations are influenced by many external and internal factors beyond the control of the Company. The Company assumes no responsibility to publicly amend, modify or revise any forward looking statements, on the basis of any subsequent developments, information or events.

COMPLIANCE

The Compliance function of the Company is responsible for independently ensuring that operating and business units comply with regulatory and internal guidelines. The Compliance Department of the Company is continued to play a pivotal role in ensuring implementation of compliance functions in accordance with the directives issued by Regulators, the Company's Board of Directors and the Company's Compliance Policy. The Audit Committee of the Board reviews the performance of the Compliance Department and the status of compliance with regulatory/internal guidelines on a periodic basis.

New Instructions/Guidelines issued by the regulatory authorities were disseminated across the Company to ensure that the business and functional units operate within the boundaries set by regulators and that compliance risks are suitably monitored and mitigated in course of their activities and processes. New products and process launched during the year were subjected to scrutiny from the Compliance Standpoint and proposals of financial services were screened from risk control prospective.

The Company has complied with all requirements of regulatory authorities. No penalties/strictures were imposed on the Company by Stock Exchanges or SEBI or any statutory authority on any matter related to capital market during the last three years except re-instatement fees paid to BSE for revocation of suspension from trading in the Equity Shares of the Company due to non-compliance in year 2010-2011.

o. Dematerialization of Equity Shares & Liquidity

The Company's Equity Shares are in Demat trading segment and the Company has established connectivity with both NSDL & CDSL by signing the necessary agreements.

Procedures for dematerialization / rematerialization of Equity Shares:-

Shareholders seeking demat / remat of their shares need to approach their Depository Participants (DP) with whom they maintain a demat account. The DP will generate an electronic request and will send the physical share certificates to Registrar and Share Transfer Agents of the Company. Upon receipt of the request and share certificates, the Registrar will verify the same. Upon verification, the Registrar will request NSDL/CDSL to confirm the demat request. The demat account of the respective share holder will be credited with equivalent number of shares. In case of rejection of the request, the same shall be communicated to the shareholder.

In case of remat, upon receipt of the request from the shareholder, the DP generates a request and verification of the same is done by the Registrar. The Registrar then requests NSDL or CDSL to confirm the same. Approval of the Company is being sought and equivalent numbers of shares are issued in physical form to the shareholder. The share certificates are dispatched within 21 days from the date of issue of Shares.

Auditors' Report for the year ended 31st March 2014

To

The Shareholders,

GLOBAL INFRA TECH & FINANCE LIMITED, MUMBAI.

Report on the Financial Statements

We have audited the accompanying financial statements of M/s. Global Infratech & Finance Limited, which comprise the Balance Sheet as at 31st March, 2014, the Statement of Profit and Loss and the Cash Flow Statement for the year then ended, and a summary of the significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

The Company's Management is responsible for the preparation of these financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the Accounting Standards notified under the Companies Act, 1956 (the Act) read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013 and in accordance with the accounting principles generally accepted in India. This responsibility includes the design, implementation and maintenance of internal control relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with the Standards on Auditing issued by the Institute of Chartered Accountants of India. Those Standards require that we comply with the ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers the internal control relevant to the Company's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Management, as well as evaluating the overall presentation of the financial statements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India:

- a) in the case of the Balance Sheet, of the state of affairs of the Company as at 31st March, 2014;
- b) in the case of the Statement of Profit and Loss, of the profit of the Company for the year ended on that date, and

- c) in the case of the Cash Flow Statement, of the cash flows of the Company for the year ended on that date.

Report on Other Legal and Regulatory Requirements

1. As required by the Companies (Auditor's Report) Order, 2003("the Order") issued by the Central Government of India in terms of sub-section (4A) of section 227 of the Act, we give in the Annexure a statement on the matters specified in paragraphs 4 and 5 of the Order.
2. As required by Section 227(3) of the Act, we report that:
 - (a) We have obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit.
 - (b) In our opinion, proper books of account as required by law have been kept by the Company so far as it appears from our examination of those books.
 - (c) The Balance Sheet, Statement of Profit and Loss, and the Cash Flow Statement dealt with by this Report are in agreement with the books of account.
 - (d) In our opinion, the Balance Sheet, the Statement of Profit and Loss, and the Cash Flow Statement comply with Accounting Standards notified under the Act read with the General Circular 15/2013 dated 13th September, 2013 of the Ministry of Corporate Affairs in respect of Section 133 of the Companies Act, 2013.
 - (e) On the basis of the written representations received from the directors as on 31st March, 2014 taken on record by the Board of Directors, none of the directors is disqualified as on 31st March, 2014 from being appointed as a director in terms of clause (g) of sub-section (1) of section 274 of the Act.

Notes forming part of the Financial Statements for the year ended 31st March, 2014**1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:****a. BASIS OF PREPARATION**

The financial statements of the Company have been prepared in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) in compliance with the Accounting Standards notified under the Companies (Accounting Standards) Rules, 2006 (as amended) and the relevant provisions of the Companies Act, 1956. The financial statements have been prepared on accrual basis under the historical cost convention. Further in view of the revised schedule VI of the Companies Act, the company has also reclassified the previous year figures in accordance with the requirements applicable for the current year.

b. GENERAL

The company follows the accrual method of accounting. The financial statements have been prepared in accordance with the historical cost convention and in accordance with. Expenses are accounted on their accrual with necessary provision for all known liabilities and losses.

c. USE OF ESTIMATES

The preparation of financial statements requires estimates and assumptions to be made that affect the required amount of assets and liabilities on the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Difference between the actual amounts and the estimates are recognised in the period in which the results are known/materialised.

d. FIXED ASSETS

Fixed assets are stated at cost including taxes, duties, freight, insurance etc. related to acquisition and installation.

e. DEPRECIATION

Depreciation is provided on Written Down Value basis as per the Schedule of the Income Tax Act, 1961. For additions and deletions, depreciation is provided considering the days the asset has been put to use. Assets put to use after 30th September has been charged at half rate.

f. INVENTORIES

Inventories were valued at lower of Cost or NRV.

g. REVENUE RECOGNITION

Revenue is recognized and expenditure is accounted for on their accrual.

h. PROVISIONS, CONTINGENT LIABILITIES & CONTINGENT ASSETS

Provisions involving substantial degree of estimation in measurement are recognised when there is a present obligation as a result of past events and it is probable that there will be an outflow of resources. Contingent Liabilities are disclosed when the company has possible obligation or a present obligation and it is probable that a cash flow will not be required to settle the obligation. Contingent Assets are neither recognised nor disclosed in the financial statements.

i. INVESTMENTS

Investments that are readily realizable and intended to be held for not more than one year, are classified as current investments. All other investments are classified as long-term investments.

Current Investments are stated at lower of cost or market rate on individual investment basis. Long Term Investments are considered "at cost", unless there is other than temporary decline in value thereof, in which case, adequate provision is made against such diminution in the value of investments.

j. EMPLOYEE BENEFITS

I. Gratuity:

The liability for gratuity has not been provided as per the provisions of Payment of Gratuity Act, 1972 since no employee of the company is eligible for such benefits during the year.

ii. Provident Fund:

The provisions of the Employees Provident Fund are not applicable to the company since the number of employees employed during the year were less than the minimum prescribed for the benefits.

iii. Leave Salary:

In respect of Leave Salary, the same is accounted as and when the liability arises in accordance with the provision of law governing the establishment.

k. TAXATION

Taxes on Income are accrued in the same period as the revenue and the expenses to which they relate. Deferred tax assets are recognized to the extent there is a virtual certainty of its realization.

l. IMPAIRMENT OF ASSETS

As at Balance Sheet Date, the carrying amount of assets is tested for impairment so as to determine:

"a. Provision for Impairment Loss, if any, required or "b. The reversal, if any, required of impairment loss recognized in previous periods."

Impairment Loss is recognized when the carrying amount of an asset exceeds its recoverable amount.

m. BORROWING COST

Borrowing cost attributable to the acquisition or construction of qualifying assets are capitalized as a part of such assets. All other borrowing costs are charged off to revenue.

A qualifying asset is an asset that necessarily requires a substantial period of time to get ready for its intended use or sale.

n. DEFERRED REVENUE EXPENDITURE

Miscellaneous Expenditure are written off uniformly over a period of 5 years.

o. INCOME TAX

Current Tax is determined as the amount of tax payable in respect of taxable income for the period. Deferred tax is recognized, subject to the prudence, of timing differences, being the difference between taxable incomes and accounting income that originate in one period and are capable of reversal in one or more periods.
